

# H.O.S.A. at Eureka Springs High School

**Health**

**Occupations**

**Students of**

**America ..... is a nationally recognized club for high school & postsecondary students who are interested in the medical professions.**

State, national & regional HOSA sponsors leadership training & competitions at annual fall & spring conferences, respectively. In recent years our local school chapter participates in the Fall Leadership Conference as well as focusing on community service locally.

During school hours, we offer guest speakers, field trips, leadership development & other activities. Members are encouraged to join in disaster drills & community service opportunities as they arise. In our region these include CPR, Red Cross Blood Drives, Medical Explorers, Flu Shot Clinics, & more. We partner with the Eureka Springs/Holiday Island EMS & Fire Dept. as well as the Carroll Co. Health Unit in our community, & have working relationships with our area hospitals & health care providers to help provide real world experiences for our youth.

As this career field is both diverse & in high demand, we help students explore their interests by participating in activities both in & outside the school day.

Contact us if this interests you! Or check out more about HOSA at the website, [www.hosa.org](http://www.hosa.org)

Advisor: Mrs. Imrie      Meeting times: Wed or Thurs 12 N, TBA
